

Olana v. Ghattas (SZ 2376948)

Judges reports

Federal Champion Breeding Show (GHKH) 2022

Larger than medium size, medium strength, beautiful type and expression, excellent pigmentation, expressive, feminine head, dark eyes, beautiful topline and underline, good forequarters and very good hindquarters angulation, slightly sloping croup, correct front, very good movement with powerful follow-through and free reach, and very good presentation. This bitch has been shown several times with me. She has steadily improved, especially in terms of strength. TSB: pronounced, decreasing.

Judge: Lutz Wischalla

Federal Champion Breeding Show (JHKH) 2021

Large, typical and expressive, lean and solid, with good proportions. A well-shaped, powerful head with dark eyes. High withers, firm back, sloping croup that could be longer. Good front angulation, very good hindquarter angulation, balanced chest proportions, straight front, slightly narrow in the rear, straight in the front. She displays powerful, flowing, and space-creating gaits; her reach could be a bit freer. The bitch presents herself with a sublime presence at all times.

Judge: Heinz Scheerer
